- KIJJI, CRAIGS LIST, FACEBOOK, TWITTER

Testimonials

Gloria made our purchase so easy. She answered our nervous questions. We would highly recommend Gloria to our friends

Gloria gave us a price range for selling and material to support the price. We listed and sold very close to our asking price. She is so knowledgeable about the process.

We sold our cottage through Gloria C21 and were so please. She guided us and kept us informed along the way. Wish she was here in Toronto to help sell our home.

We worked with several agents over a 3 year period to buy our dream property. Gloria listened and found us exactly what we wanted. Her knowledge about cottages was invaluable.

Real Estate Activity Update

Recreational sales were up 28% in volume for the year ended 2015 compared to entire year 2014.

Sales to date April 1 2016 have been very active for January, February and March. The lack of snow has helped this continued buying trend
